In submitting herewith the Resolution No.100 dated 15-5-1941 of the Council, I beg to submit that some of the villages in Hospet taluk and Bellary Municipality were reporting cases of plague even at the end of March 1941, and there were still several more which were originally infected, but not declared to be free from plague by the Collector, Bellary. The Municipal Health Officer, therefore, recommended that the fumigation operations should not be stopped but should be continued from the Municipal funds until orders of the Collector, and the Government are received sanctioning the continuation of the experimental cyanogas fumigation scheme for 41-42. Accordingly 2 maistries each at Rs.15/- per mensem and two coolies each on Rs.10/- per mensem were appointed with effect from 1-4-41.

The Government in G.O.No.Ms.1308 P.H. dated 27-3-41 have been pleased to sanction the continuation of the experimental cyanogas fumigation scheme for 41-42 and on the orders of the Collector ending with his C.No.141-P-41 dated 26-4-41 this staff has been absorbed in the scheme with effect.
